

CHALK TALK

October 2014

WHATS NEW

Staff

We have Riley Barclay visiting us from Arizona State University/Aspire Kids Sports Centre to assist with our high level girls – we are sure he will bring a whole bunch of new ideas and enthusiasm for the next term – we already have a workshop planned – see calendar opposite.

Of course he has already climbed Mt Kilimanjaro and checked out the dive sites in Zanzibar.....

Building

Renovations continue – upstairs lights complete as are all the painting of doors and frames (during the holidays)

We are now on the roof ! – hopefully the center vent and whirly bird leaks are a thing of the past – those 2500 roofing screws are currently giving us a painful back !!
